

North Shore Emergency Association
Weekly Radio Net
Preamble:

Good Evening, at 7:00 P.M. Central Daylight Savings Time, this is the North Shore Emergency Association's weekly Radio Net.

Are there any stations with emergency or priority traffic? Net Control is standing by...

Net Control for this evening is (station) _____ (callsign) _____.

This Net is conducted every Sunday evening at 7:00 P.M. The Net is open to all licensed GMRS operators are encouraged to check-in.

The primary purpose(s) of this net are:

- To maintain weekly contact with members and affiliates of NSEA
- To ensure radio equipment and system operation are maintained in case of emergency
- To announce items of information between meetings
- To serve as a method to unite associate groups, and other GMRS operators for, public service, emergency and disaster communications.

Many GMRS operators are involved in public service activities such as:

- SKYWARN weather spotting
- CERT
- RACES
- Red Cross Disaster Action Team(s)
- And other volunteer communications projects

NSEA encourages and invites all GMRS operators to participate in this net.

Individuals interested in affiliating with NSEA are welcome to contact Net Control, any NSEA member, or may visit our website at, www.NSEA.com.

We will now begin the roll call. When checking in, please give your unit identifier (if you have one), whether you are base, mobile or portable, and whether or not you have traffic for the Net. GMRS operators, please remember to state your F.C.C. call sign at the conclusion of your message.

Roll call will be made by membership levels, not necessarily in numerical order.

After the regular roll is called, we will take the time for any first time or late check-ins.
Beginning the roll...

First Time and Late Check-ins:

GMRS operators having traffic for the Net will now be called:

Net Control has the following items of traffic:

Licensed GMRS operators who would like more information about NSEA are encouraged to visit our website at www.NSEA.com. Interested GMRS operators are asked to click on the "Contact NSEA" link for information regarding access to the repeaters operating under the cover over the North Shore Emergency Association.

Any person not able to check into this Net on the air, may check-in by sending an email to info@NSEA.com at least 15 minutes before the Net begins.

Licensed GMRS operators should regularly check the expiration date of your GMRS license. If your license has lapsed you will not be able to retain your current call sign.

Our next regular meeting will be held on (month)_____ (day)_____ (year)_____.

The location of the meeting will be at _____.

Social hour will begin at 7:00 and the meeting will begin at 7:30.

Last opportunity for Late check-in(s):

Having no further traffic for the Net, Net Control is signing off and closing the Net for the evening.
